

TULSA AMATEUR RADIO CLUB  
MINUTES  
10 Feb 87  
General Meeting

1. Call to order was at 7:10 PM by the 2nd Vice-President, Ernie Buck, WB5CDW. There were 26 in attendance.

2. Officers' Reports:

Secretary's Report was read and approved.

Treasurer's Report was read and approved.

• OLD BUSINESS:

3. Repeater (WD5GHC): Vern, acting as spokesman for the committee, announced that the repeater was being installed, pending assembly approval, as a split-site system, with the receiver located at Velas Tower Power and the transmitter at Radio, Inc. The recommendation was passed by the Assembly without objection. Commission of the repeater, as well as frequencies, are to be announced.

4. EOC Switchover (WB5OSM): Merlin announced that the EOC switchover had been postponed for one month, with the new start date of 26 March.

NEW BUSINESS:

5. Awards (KE5UL): Bill is the Awards Chairman for this section, and announced that all applications for awards (WAS, DXCC, etc.) are to be sent to him first, NOT directly to ARRL.

6. Novice enhancement (WB5OSM): The FCC has approved certain new privileges for Novices, including voice and data on 28 MHz, and all-mode operation on 220 MHz and 1270 MHz. No information was available as to specific frequencies or effective date.

7. Written test changes (WB5OSM): Merlin announced that Element 3 had been split into Elements 3A and 3B for Technician and General class tests respectively. Current Technicians are grandfathered.

8. Weather-spotting course (WB5OSM): A weather-spotter's course was in the planning stages, with a possible class date of the second Saturday in March.

9. Door Prizes, courtesy W5ATB and Radio, Inc., went to W5TSU (a "Popular Communications" magazine) and N5ILN (the 1987 edition of the ARRL handbook).

10. Having no further business, the meeting was adjourned, with the next meeting scheduled for 10 March 1987.

Respectfully submitted this 10th day of March, 1987;

*Alan W. Jump N5ILN*

ALAN W. JUMP, N5ILN  
Secretary, T.A.R.C.
