

The July session of the Tulsa Amateur Radio Club, met at the Red Shield Boys Club, in Tulsa Okla with Pres. Charlie Kays presiding and all officers present.

Editor Fritz Freeman reminded all that its the club newsletters anniversary. He welcomed any comments, suggestions, or ideas that might improve the "Transmitter." Charlie also extended a well deserved "Thank-You" to Fritz for his efforts on getting the Transmitter out and growing. Merlin Griffin, WB5OSM, reviewed our success at the recent Field Day. The Activities were attended by Amateurs and non-amateurs alike, with quite a guest list resulting of about 150 visitors. Some visitors operated also. The local news, KRMG and TV stations broadcast briefly on the activities. Merlin explained our F. Day results as 1,333 contacts on various bands, and a score of approx 2,966. Overall Field Day was a great success.

Jim Clifford, KB5AST, announced that someone left a nice SWR. meter with the club rig during F. Day, and that person needs to claim it and come get it.

Charlie Kays stated that Bill Goswick is looking for more helpers in his efforts as local official observer and interference complaints investigator. Those interested must be licensed for 4 years and be a Technician or higher.

In old business, Charlie said that the club has now procured a new meeting site at Kippenger Hall at Tulsa University's engineering building, located on the west side of Harvard between 5th + 5th Place South. This is an ideal location with wheelchair access and plenty of parking. And also we as a club express our gratitude to salvation Army for taking us in and well be maintaining our club station at the boys club site

Charlie reminded all that August meet would be Home-Brew nite and entries would be judged and prizes awarded.

Ernie Buck donated QST and CQ magazines, courtesy of Radio Inc. With no further business before the club, it was moved & seconded to adjourn. Meeting Adjourned.
