

15 April 2024

Mr. Mark Adams, President
Tulsa Amateur Radio Club
1611 S Utica Ave., #178
Tulsa, OK 74104-4909

Dear Mr. Adams,

I wanted to extend my best wishes and give a hearty congratulations to everyone at the Tulsa Amateur Radio Club (TARC) as you celebrate your 100th anniversary! What an honorable and amazing milestone! This is a testament to your hard work, dedication, and commitment to excellence in the communications world. The Oklahoma Medical Reserve Corps (OKMRC) is honored to partner with you in serving our community, especially in times of disaster.

Our mission is to bring together practicing and retired healthcare professionals from a diversity of fields, including physicians, nurses, hospital and public health workers, mental health experts, veterinarians, and other medical professions. In addition, volunteers without a background in medical training are needed as well. These various volunteers working together, comprise the corps, which supplements existing "first responder" emergency systems. Which is exactly where TARC is essential. In a widespread disaster we recognize the extreme value of emergency communications. That is precisely why we have a special category of volunteers designated to assist with communications when needed. Thankfully, TARC members are well represented as a part of our cadre of trained and certified volunteers serving on our Communications Team. We know we can always count on you for support, expertise, and service.

Thank you for your continuous dedication, service, support, and for simply being an exceptional community partner. You exemplify the "Oklahoma Standard". On behalf of the OKMRC and our over 7,800 volunteers statewide, we want to congratulate you on your 100th anniversary – what a momentous achievement! Your service to our community is truly inspiring and something you can be proud of and one that certainly deserves to be recognized!

73,

Carrie C. Suns, MPH, CVA
